

CLARK COUNTY CIRCUIT COURT
CONVENES FOR APRIL TERMJudge Benton Instructs the Grand Jury—Calls Attention to Pool Rooms
and Sale of Liquor in Local Option Districts

The Clark Circuit Court convened its April term Monday morning. A number of important cases are on the calendar. In the criminal division the trial of Commonwealth vs. G. D. McCullum and J. D. Jones are set for Tuesday of this week. The case of Trot Robinson, John Dewire and others for stealing the brass from the engine in the old brick yard and Claude Bush for breaking in the grocery store of B. T. Burch are of much interest. The grand jury is composed of the following:

J. W. Swope, J. Ramsey, H. L. Stevens, W. R. Vivion, S. T. Prewitt, Allen Dykes, James T. Ecton, James L. Powell, Jr., B. A. Tracy, W. E. Malden, Asa Dooley, W. T. Gorden, S. T. Prewitt was selected as foreman.

Instructs Jury.

In his instruction to the jury, Judge J. M. Benton said that he did not know of anything of great importance to come up before them. He called their attention to the new law in regard to gambling on race horses in pool rooms as passed by the last Legislature and read the act in full.

In case an indictment is returned for a violation of the operators of such a business is subject to a fine of \$1,000 and six months' in jail as the minimum; and the limit is \$5,000 and twelve months in jail. Each day the business is run may be termed a separate offense. He also called attention to the sale of liquor in local option districts, the gaming law and the carrying of concealed weapons.

The following are the petit jurors: J. M. Aldridge, W. N. Sewell, C. J. Scott, S. C. Boone, J. H. Williams, W. L. Bush, S. H. Shepherd, H. B. Serivener, L. T. Flynn, T. M. Hampton, G. W. Robinson, Sam Crawford, T. C. Rawlins, W. R. Gorden, Kirk Duncan, E. C. Ramsey, P. E. Allen, W. C. Brock, Frank Flynn, S. M. Millard, W. V. McCormick and M. S. Miller.

At noon Monday court adjourned until Tuesday morning.

SUNDAY SCHOOL
WORKERS MEETExecutive Committee to Hold Session
at Methodist Church April
Twelfth.

The Executive Committee of the Clark County Sunday School Association will hold a meeting at the Methodist church, April 12th. It is an all-day session, beginning at 9:30 a. m.

W. J. Vaughn one of the State field workers will be present to help this committee lay plans for the advancement of the Sunday School work in the county. The committee is requested to attend this important meeting.

The Bethlehem Mission band will give an Easter cantata Sunday, April 11, at Bethlehem church at 11 o'clock. All are invited.

SAVE SOME OF THE MONEY
THAT YOU "SAVE"

If you could place in a special purse, or deposit in a special fund, all of the moneys saved in the course of a year because of your reading and answering ads., you'd be surprised at the sum total. The pennies and dimes on groceries, table supplies; the dollars saved on clothes, furniture, furnishings, objects of art, china, silverware—all, in a year's course, would amount to a tidy sum, indeed.

Why don't you try the experiment—for a few weeks—of ACTUALLY SETTING ASIDE the amounts saved in your purchases on account of your study of the ads? Then invest in something you have long needed—and say: "Here is something I've bought with money ACTUALLY, not theoretically, SAVED!" You will find that all of this advice we have been giving you about reading and answering ads. has been sound, business-like advice. And you will let the ads. take a real part in your buying and your selling hereafter—which will be a fortunate circumstance for you, and for the town in which you live.

PRESBYTERY TO
MEET TUESDAYWest Lexington Body to Assemble in
Semi-Annual Meeting
This Week.

The Presbytery of West Lexington, of which the First Presbyterian church of this city is a member, meets in its regular semi-annual meeting with the Versailles Presbyterian church, on Tuesday, April 6, at 7:30 p. m. The Presbytery is of the nature of a court and on that account it is not possible for it to announce in advance the full program of its proceedings since it will follow a docket that will consist chiefly of what may be on the clerk's desk and such other of church business as may arise during its sessions. But there are certain things that may be anticipated as certain to form a part of the coming meeting, either because of the fixed custom of the Presbytery or of the definite orders taken at previous sessions.

Rev. Wm. Cumming and Judge W. M. Beckner will represent Winchester. The program in its chief features will be as follows:

Tuesday, April 6, 7:30 p. m.—Opening sermon by the retiring moderator, Rev. C. P. Moore, of Cynthiana.

Wednesday, April 7, 9 a. m.—Devotional exercises; 9:30 regular docket; 11:00 Presbyterian sermon by Rev. W. C. Cochran, D. D., of Georgetown, subject: "The Scriptural Basis of Calvinism."

This last is really introductory to the program of the next day, which is given over to the celebration of the four hundredth anniversary of the birth of John Calvin and will therefore offer the most marked feature of the meeting.

The program for that day is as follows:

Thursday, April 8, 10:30 a. m.—"Life and Times of Calvin," Rev. L. Muller, D. D., of Lexington.

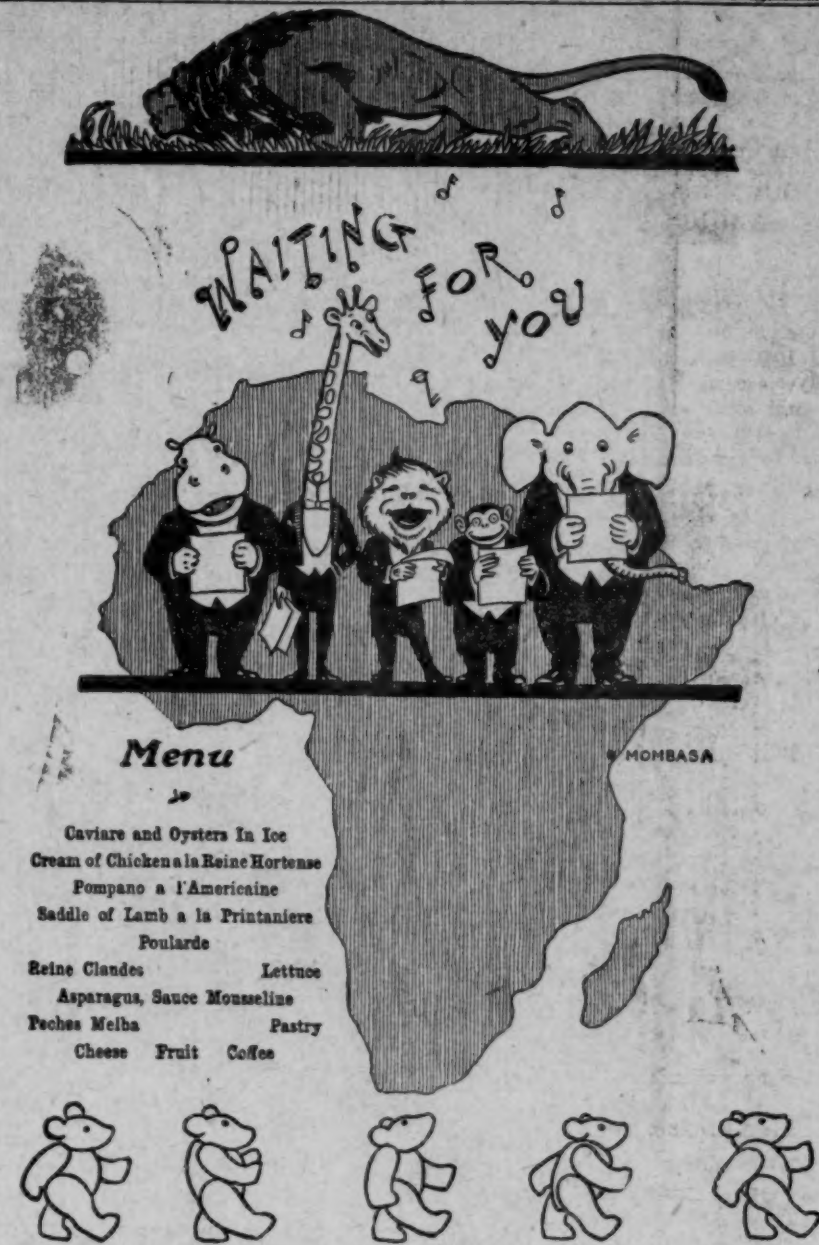

"Character of Calvin," Rev. E. W. McCorkle, D. D., of Nicholasville.

At 3 p. m.—"The Theological Debt," Rev. R. A. Webb, of Louisville; "The Intellectual Debt," Rev. C. F. Moore, of Cynthiana.

April 8, 7:30 p. m.—"The Civil Debt," Hon. Samuel M. Wilson, of Lexington.

There will be services on Wednesday evening as well as the regular business session on Wednesday afternoon. All the sessions are public and everybody is invited to all. The meeting probably will adjourn on Friday, April 9.

The delegates will be entertained at the various homes from their arrival on Tuesday evening until Friday and on Wednesday and Thursday all the visitors will be the guests at a dinner at noon in the Harris building on Main street, served by the ladies of the church.

DECORATIONS FROM MENU CARD OF FAREWELL DINNER TO
ROOSEVELT ON THE HAMBURG.

Captain Burmeister's farewell dinner to Theodore Roosevelt on board the steamship Hamburg before the vessel reached Naples was a most elaborate event. In anticipation of the dinner a menu card, or rather, a menu booklet, was prepared in splendid design. It bore pictures of Teddy bears, a giant hippopotamus, a lion "couchant," jungle scenes and many other pictures suggesting the former president's African hunt. The list of good things to eat and the musical program were in keeping with the spirit of the occasion.

WINCHESTER POSTOFFICE SHOWS
INCREASE OF BUSINESS FOR YEARFor Term Ending March 31, 1909, There Was a Net Increase Of \$1,-
223.37—Would Have Been Larger But For The Fire.

The postal year closes March 31st. All calculations by the postoffice department are made for the preceding twelve months. Offices are graded on the postal receipts.

For the year ending March the 31st, the receipts at the Winchester postoffice for the year ending March 31st, 1908, were \$13,595.02. For the year ending March 31st, 1909, they were \$14,818.39. A net increase of \$1,-223.37.

They would have been several hundred dollars more but for the fact that for fifteen days following the burning of the postoffice, practically no business was done.

KIDNAPS THE TWO
KENTUCKY OFFICERSSteamboat Captain Carries Sheriff to
Illinois. Out of State's
Jurisdiction.

PADUCAH, Ky., April 5.—When Sheriff Boshop and Deputy Sheriff Champion, of Livingston county, Ky., boarded the steamer Liberty Bell at Smith Land Sunday to allow Captain Harry Davis to execute bond, they were kidnapped and carried down the river to the Illinois shore, opposite Paducah, where the Kentucky officers had no jurisdiction.

Captain Davis was arrested when the boat landed at Smith Land on the charge that liquor had been sold aboard the boat recently while it was landed there. He was fined \$50 and asked the officers to accompany him to the boat so he could execute bond. When they reached the cabin the boat pulled out. Deputy Champion took the wheel, and in trying to guide the boat to the Kentucky shore the tiller rope was either broken or cut.

The boat finally landed in Illinois opposite here, where serious trouble was threatened between the crew and the Kentucky officers, who were then out of their jurisdiction. Both sides had pistols. When the sheriff went into the engine room two shots were fired outside and he got out. Later the officers returned to Kentucky.

STANDS SOME
SEVERE TESTSMotor Hose Wagon Makes Long Trip
to Suburban Towns on
Sunday.

Another test of the new motor hose wagon of the fire department was made Sunday evening. Chief A. R. Baldwin in company with councilmen J. Q. Boone, G. D. McCullum, H. H. Rippey, Maurice Stroud, Austin Reeves, Vernon Hise, Albert Baldwin and a reporter for The News left Winchester at 2:15 for Lexington. The trip to Lexington was made in 45 minutes. From Lexington the party went to Paris, over the old Maysville pike.

This pike is considered one of the best in the United States and to us it seemed to be better than the streets in Winchester. It would do the county officials good and it would be instructive for them just to make one trip over it.

The trip to Paris was made in about 35 minutes. In Paris they went around to the fire department where every courtesy was shown them by the chief, Ed. Hite. The gasoline was about out and every store was closed, but through the kindness of Dr. Kenny, the machine was replenished and not a cent was charged.

The party returned from Paris via Lexington. On the return trip the party stopped in Lexington for supper, leaving Lexington at about 8:15, the trip being made back to Winchester from Lexington in 40 minutes.

The machine has stood the severest tests and has proven satisfactory in every respect and it will probably be put in commission this week.

C. Flynn, of Clay City, spent Friday. C. Flynn, of Clay City, spent Friday in Lexington.

LANGLEY SAYS INDUSTRIES OF
THE SOUTHLAND ARE SLIGHTEDMeasure is Not in Accord With Republican Doctrine, He Declares—
Calls Attention to Lumber, Coal, Hemp and Other Schedules.

WASHINGTON, D. C., April 5.—Party has made in the Southern States is due primarily to the fact that the people of that section are rapidly drifting back to the ideas upon this question of Henry Clay and of the old Whig party of the South.

"It was the doctrine of protection that made West Virginia as solidly Republican as is the Keystone State. It was the doctrine of protection that has made Maryland a doubtful State. It was the same doctrine that made Missouri and Kentucky Republican and that has created the magnificent Republican armies in Tennessee and North Carolina, which, at no distant day, will lead them also into the Republican column."

"I beg my Republican brethren of the North to consider this phase of the question which, in my judgment, is not only politic to do, but their duty to do, in dealing with the industries of the South—not the 'New South,' as some gentlemen have termed it, but the 'Old South,' emerging from the prejudices and passions engendered by the war and the questions preceding it, and getting back to her old status again."

"Let us help her onward along the highway of progress, and, even if some of her Representatives do protest against it, let us treat them in the spirit which found expression in the beautiful words of the Master: 'Father, forgive them, for they know not what they do.'"

Opposed to Taxing Tea.

He said that he was unalterably opposed to taxing tea and coffee, which are two of the necessities of life, and added that a tariff on these articles could only be for the purpose of raising revenue, as they did not need protection, and declared that he was in favor of putting an additional tax upon beer and whisky rather than on those articles. He did not say that he would vote against the bill, but warned the committee that if the bill was defeated it would be due to the fact that it had not been framed in accordance with the Republican platform nor with the traditional doctrine of the Republican party.

He criticized the contention that raw materials should be placed upon the free list, and contended that nothing is raw material which has been touched by the hand of labor. He said that he had been criticised for insisting on protection for the industries of his own section without regard to how it might affect the balance of the country, and declared that he regarded this as the primary purpose of representative government, and that whenever he found he was unable to stand, first, by the industries of his own congressional district, for which purpose he was sent here, he would no longer desire to remain in Congress.

"I want protection," he declared, "not only for the industries of my own section, but for the industries of any other section in which labor is employed. I want protection not only for the men whose hands and faces are scorched before the seething fires of the furnaces, not only for the men who toil in the valleys, upon the hill-sides and upon the plains, not only for those who work in the factories, but likewise for those who toil in the damp and darkness of the coal mines, and those who endure the hardships in bringing the lumber from the stacks to the market."

Puts Laugh on Payne.

Mr. Langley created much laughter and applause at the expense of Chairman Payne when he referred to the suggestion of the latter in the debate a few days ago that the Representatives ought to climb up on top of one of the Kentucky mountains and see the needs of the balance of the country, by comparing the suggestion to Satan's plan to induce the Savior to abandon His mission upon the earth when he took Him up on top of a high mountain and offered Him all the kingdoms of the world.

After criticizing the bill as discriminating against Southern industries, Mr. Langley concluded his speech as follows:

"The inroads that the Republican

MOST CHARGES
ARE SUSTAINEDFederal Officials Are Guilty of Per-
nicious Activity—Roosevelt
is Exonerated.

New York, April 5.—The report of the special committee appointed by the National Civil Service Reform league to investigate the matter of political activity on the part of federal officeholders has been made public. The committee systematically gathered current press reports of alleged undue political activity and, sifting out the more serious accusations through correspondence with the parties involved and by detailed inquiry into the circumstances, sought to determine the truth.

The conclusions of the committee are that the charges to a great extent are sustained. A notable exception is reported in the allegations made during the last campaign to the effect that Mr. Roosevelt coerced certain federal officeholders into the support of Mr. Taft for the Republican nomination. With his permission the lists of the president's appointments for a considerable period prior to the national convention were scanned by the committee, which finds that the evidence to sustain the charge is wholly lacking. On the contrary, Mr. Roosevelt is credited with having advanced the cause of civil service reform by so amending the civil service rules as to prohibit employees in the competitive service from taking part in political campaigns.

On the broad questions of pernicious activity in politics of federal officeholders, however, the committee finds that most undesirable situation exists. Of the more than 300,000 federal officeholders, one-third are not amenable to civil service classification. These officers often exercise a powerful influence in politics and constitute, in the opinion of the committee, a menace to free institutions. The remedy is to be found, the committee believes, in an extension of the classified competitive service and a clearer definition of the executive order governing political activity in the unclassified service. It is also suggested that the civil service commission or some other body free of departmental dictation be empowered to investigate cases arising under the executive order.

"JUST MRS. JIMMY BOYLE" A

Pennsylvania Kidnap Refuses to
Admit She Is Columbus (O.) Girl.

Sharon, Pa., April 5.—Mrs. James Boyle, held as an accomplice in the kidnaping of Willie Whittles, is believed, according to information received here from Columbus, O., to be Miss Helen Richards of that place. When asked in jail at Mercer if her name was Richards before her marriage the woman answered: "No, I'm just Mrs. Jimmy Boyle."

Although Mrs. Boyle waived examination several days ago, it is probable that she will be given a hearing the last of this week, as her lawyers claim she is entitled to one.

Denied at Columbus.

Columbus, O., April 5.—Chief of Police O'Connor denied that the local police had identified Mrs. Helen Boyle, in jail at Sharon, Pa., as Mrs. Helen Richards. At the time of the Whittles kidnaping reports were published that the Boyles were believed to have been arrested here after leaving St. Louis a year ago, but search of the police records here has failed to substantiate the reports.

Governor Harmon's Policy.

Columbus, O., April 5.—Governor Harmon will tackle each state institution, department and commission within the province of his control as a separate problem. He will let well enough alone if he finds it. If he finds bad enough, he will demand wholesale resignations and install new batches of trustees, managers, officers and commissioners. He has not adopted a general policy of firing all the present institutional boards and has disproved wild rumors that such was his intention.

Insane Asylum Burns.

Woodward, Okla., April 5.—Six hundred helpless insane persons were in danger of death when a blaze, starting from a parlor fire, destroyed several buildings of the state insane asylum at Fort Supply. The inmates became panic-stricken, but were quickly calmed by the part of the staff of attendants. The main building was not touched by the flames.

Dentists' Office Robbed.

Columbus, O., April 5.—In the office of E. O. Fitzgerald & company, dentists, the Wesley block, had been picked by a professional and robbed of gold filling material, said to be worth \$2,300, and \$400 in cash.

MAKE RECORD TRIP.

Messrs. Walter E. Hop and Sam Lipscomb on bicycles and Robt. Botkin on his motorcycle made a record time trip to Lexington Sunday, leaving here at 9 a. m. and arriving at Lexington at 2 o'clock. Arriving here at 10 o'clock Sunday night they presented the appearance of having walked quite a distance, and being very tired.

Aim High.

In great attempts it is glorious even to fail.—Longinus.

NEWSPAPER MAKING.

The present trend in newspaper making is to persuade readers to read and answer advertisements and to buy advertised things. The News is carrying on a regular campaign with that end in view. If we succeed in educating a score or more a month to let the advertisements in these columns influence their purchases, we have added that number to our circulation, to that part of our circulation which counts with our advertising patrons.

Obviously, people who read and answer advertisements are the kind of people advertisements are written for. And we feel it our duty, after selling space to an advertiser to try to make his use of that space just as valuable to him as possible; to make his returns, quick and generous—as they will always be when he used a newspaper that is constantly telling its readers how important the advertisements are.

You have all read the various advertisements and readers which have appeared in these columns of late to increase the interest of our readers in advertising and this effort is bearing fruit already. It has resulted in quickening interest in the advertisements and has enabled us to make new contracts for the use of our advertising space. It is influencing people to buy advertised things. It is teaching them that the merchant who advertises continuously and aggressively has passed the "spot light test."

This campaign of education will gradually revolutionize business in this city. It will make it easier for the progressive store to prosper and impossible for the non-progressive one to thrive. It is to be an advertising race—this store growth matter.

THE DES MOINES EXPERIMENT.

Des Moines has just finished the first year of its government under a commission and it is claimed that the plan has given the city the most efficient and economical administration in its history.

It is said that for the second time in its history Des Moines has lived within its income, not a single appropriation having been exceeded, and there are surpluses left over in a number of the funds. Old debts were paid by bond issue, but none of the money raised by selling bonds was applied to current expenses. Every department was efficient.

Among the other achievements with which the commission in Des Moines is credited are the savings with public-service corporations. Rates on street electric lights were reduced from \$75 to \$65 a year, and water

rates were lowered from 30 to 20 cents per 1,000 gallons.

The Galveston and Houston experiments with city commissions are now familiar. Des Moines, which is engaged in testing the plan in a Northern community where there is no great negro vote, is worth watching.

PUT YOUR CITY ON THE MAP.

Loyalty to one's home may be either active or passive, assertive or merely defensive. But the American spirit abhors passive loyalty and demands that ever man make intelligent use of every opportunity to spread the fame of his community abroad.

Self-interest also would demand this, even if loyalty had nothing to do with it. The influx of new citizens and new enterprises into a city means greater opportunities for wealth to all—to the old residents as well as to the new comers.

Keep your city on the map, by paying up your dues to the Commercial Club and join if you are not now a member.

NEAR DEATH IN BIG POND.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and I am now well." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Throats, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Phillips Drug Company.

MOST UNFORTUNATE.

The Mountain Echo published at London, Laurel county, reports that it heard a young man that wants the Republican nomination for County Clerk rehearsing the following speech:

"I have been more unfortunate than my opponents, in that I have only one father and one mother; at the time I was born my mother was sick in bed; I had no teeth for many months, which required my taking liquid nourishment. For almost a year I was unable to walk, and for two or three years never had a pair of trousers to my name. If my distinguished opponents can beat this record of trials and struggles, I will withdraw and leave them a clear field so far as I am concerned, but if they cannot beat it, I feel that I am worthy of your suffrage."

GOING WHERE?

To the court house Tuesday, April 6th, at 8 o'clock to hear the lecture recited by Prof. H. K. Taylor, Prof. Dalgety and the K. W. C. quartette. Under management of the Home Missionary Society of the Methodist church. Admission, 25 cents; children, 15 cents.

Tickets on sale at Phillips' news stand.

THE LUBID GLOV JF DOOM.

was seen in the red face, hands and body of the little son of H. M. Adams, of Smith, Pa. His awful plight, from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all Blood Disorders and Rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by Phillips Drug Company.

BODY OF BOY FOUND IN POND

Mystery of Harold Moon's
Disappearance Solved.

DROWNED WHILE SKATING

Lad Disappeared From His Home In Flint, Michigan, In February and Was Supposed to Have Been Kidnaped—Large Reward Had Been Offered For His Return to His Home—Recovery of Remains.

Flint, Mich., April 5.—Instead of having been kidnaped when he disappeared from his home here on Feb. 27, 10-year-old Harold Moon broke through the ice of Thread pond and was drowned.

The long search for the boy, which has been prosecuted in all parts of the country, ended when his body was found floating in the pond by Bert Robson, who had been searching for it there for days. A pair of skates fastened to the feet bore mute testimony to the manner of the lad's death. The hands were covered with the mitten the boy wore when he went through the ice.

Suspicion developed soon after the little boy's disappearance that he had been kidnaped. Rewards aggregating \$1,300 were offered for the boy's return and circulars were sent broadcast all over the United States. Tuman N. Moon, the boy's father, has prosecuted the search for his son far and wide.

Harold's 17-year-old sister Marina was the first member of the family to learn that the missing boy had not been stolen, but was dead. She had gone to the neighborhood store and heard the report of the finding of the body.

Thread pond is a small body of water about 36 by 40 rods in area, and is fed by a small stream known as Thread creek. It is a mile from Flint. The pond is used by ice men for their harvest. Harold Moon was last seen on Feb. 27 going in the general direction of the Flint river and this pond with his skates over his shoulders. When he did not return home for supper that night his parents began a search for him. There was no evidence along the river banks or about the pond that he had fallen through the ice. Then stories became current that a strange man had been seen leading the boy away. The police were notified and officers in adjoining cities were asked to be on the lookout for him.

JUMPS OVER FALLS

Unknown Man Ends Life In Presence of Crowd at Niagara.

Niagara Falls, N. Y., April 5.—An unknown man about 38 years old committed suicide by jumping into the river from Luna Island, in sight of a score of persons, who saw him swept over the falls. He was described as an unusually handsome man, weighing about 180 pounds, with black hair and mustache.

The authorities hope to establish his identity by means of a child's ring found in one of the pockets of his overcoat, which he left on the bridge. Luna falls is the smallest of the cataracts, but it has never given up its dead.

Artists Resume Partnership.

New York, April 5.—Edward H. Southern and Miss Julia Marlowe, it is announced here, have decided to resume the partnership which was broken at the end of the season of 1907. These two artists will appear together in three, possibly four, Shakespearean dramas, supported by players drawn from their present separate companies. May 15 will see their reappearance in the Academy of Music here.

State Gets Fremont Park.

Fremont, O., April 5.—A deed from Colonel Webb Hayes, transferring 11 acres of Spiegel grove to the state of Ohio, was filed here. The beautiful woodland tract, to be known as Harrison Trail State park, will be permanently cared for by the Ohio Archaeological and Historical society. The bodies of former President Hayes and his wife, now in Oakwood cemetery, will be finally buried in this park.

Steamship on the Rocks.

San Francisco, April 5.—According to advices received by the Pacific Mail Steamship company, the steamer Indiana, bound from Mazatlan to San Francisco, went ashore during a heavy fog in Magdalena bay, and is still on the rocks. The passengers and their personal baggage and the mail were removed by the cruiser Albany and the tug Fortune and Navajo.

Ross Drags File Petition.

Chillicothe, O., April 5.—The drags filed a petition asking for a local option election. There were 4,372 signatures. Only 3,800 are required, but it is believed some names will be eliminated after the checking up is made. The drags want the date of election fixed for Monday, April 24, but the drags will insist that it be held the preceding Saturday.

GREAT SOPRANO AT THE MAY FESTIVAL

Madame Olive Fremstad Will Sing
For Louisville Audience
Next Month.

Special to The News.

LOUISVILLE, April 5.—Few women in grand opera today have so interesting a personality and so interesting a history as has Madame Olive Fremstad, the great soprano of the Metropolitan opera house, who is to be the leading singer at the May music festival, to be held in Louisville May 6, 7 and 8. Hers has been a story of obstacles overcome and triumphs growing until today she is regarded as the greatest soprano on the grand opera stage.

An interesting feature of her career is that she went to school with Gov. John A. Johnson, of Minnesota, in the little country town of St. Peter, Minn. There must have been something inspiring in the atmosphere of that little school house, judging by the pluck and perseverance displayed by at least these two pupils.

Though Madame Fremstad is a native of Sweden, she is in all things essentially American, having come to this country as a girl. She early showed aptitude for music and taught for awhile. Finally she went to New York on her own resources, and after a struggle that might have overcome sturdier folk, she gradually won her way through choir singing, recitals and concerts.

Then she went abroad and studied under Lilli Lehmann in Berlin, beginning her grand opera career in Cologne. She sang with increasing success, and in 1903 she was engaged by the Metropolitan, where she has been since.

She is to sing on the final evening of the festival, and her appearance will be a notable musical event.

METHODIST CHURCH AT JACKSON BURNED

JACKSON, Ky., April 5.—The residence of W. S. Jett and the Methodist parsonage occupied by the Rev. Mr. Cook, were destroyed by fire here Saturday, the fire originating in the kitchen flue of Mr. Jett's house. The loss was about \$3,500, which is partially covered by insurance.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Sold by all druggists.

RELATIONS STRAINED

Rupture With Nicaragua Is Expected at Any Moment.

Washington, April 5.—Indications are that diplomatic relations between this country and Nicaragua are nearing a crisis, resulting from the failure of President Zelaya to adjust the Emery claim.

In diplomatic circles it would occasion no surprise if Senor Espinosa, Nicaraguan minister to the United States, should shortly be told by the state department that the present difficulty has gone beyond the range of diplomatic discussion, in which event his request for passports would logically follow.

Vote to Continue Strike.

Portsmouth, O., April 5.—Union shoe workers who have now been idle two months on account of the Selby lathers' strike, at a general meeting voted to remain out of all plants. One thousand people gathered at the Norfolk & Western depot upon the arrival of 15 strikebreakers from Lynchburg, Va., whom manufacturers met with automobiles. No violence was attempted.

Aged Woman Expires.

New York, April 5.—The death of Mrs. Fanny Friedman at the age of 112 years was reported to the health board. She was born in Hungary Jan. 3, 1797, and had been ill only a few days.

Gives Drink; Is Fined.
Ripley, O., April 5.—William Young, a fruit tree peddler, was fined \$50 at Georgetown for giving away a drink of whisky.

IT SAVED HIS LEG.

"All thought I'd lose my leg," writes J. A. Swenson, Watertown, Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Phillips Drug Store.

Chance for a Bandmaster.

Conway, which is in need of a bandmaster, has issued the following advertisement: "He must be a cornet player and between performances he will be required to act as a range minder, inspector of hawkers, boats and carriages, storekeeper and such other duties as the town clerk may from time to time direct."—Western Mail.

KILLS WOULD-BE-SLAYER.

A merciless murderer is Appendixitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendixitis, curing Constipation, Biliousness, Chills, Malaria, Headache and Indigestion. 25c. at Phillips Drug Store.

SOCIETY**Lecture-Recital.**

The Ladies' Home Missionary Society of the M. E. church South, will present for the first time to a Winchester audience the Kentucky Wesleyan Lecture Recital Male Quartet Company at the courthouse, Tuesday evening, April 6.

This may be the last chance our people will have to hear Pres. Taylor, and everybody should come.

The Ladies Aid Society of the First Christian church will have an Easter market, on Friday and Saturday, April 9 and 10. They will have all kinds of country produce, cakes, pies and all kinds of pastry, fancy articles and home-made candies. Refreshments will be served each day.

Little Colonel Readers.

The Little Colonel Readers had a very interesting meeting with Miss Louise Haggard, on Saturday afternoon. The usual program was carried out, after which a delightful lunch was served.

Those present were: Misses Frances Pendleton, Julia Gaitskill, Myrtle Spencer, Emma Thomson, Helen Ford, Ada Lee Boone and Ida Walden.

Mrs. Harry Strother will be hostess at the Euchre party on Tuesday afternoon.

Cooking Club.

The Cooking Club held its regular meeting with Miss Rosalind Stevenson on Saturday afternoon.

Games were indulged in until a late hour, when the young ladies repaired to the dining room, and the delightful refreshments were served.

Those present were: Misses Marie and Gertrude Bloomfield, Virginia Baldwin, Mary Frances Ogden, Dorothy Porter, Elizabeth Stewart, Ora Gaines Allen, Kathleen Earp, Mayme Scrivener, Catherine Hughes, Fannie Combs Scott and Elizabeth Beckner.

The ladies of the St. Joseph Catholic church will have on sale in the Dinelli building (formerly occupied by The Winchester Paint and Wallpaper Company,) in the Opera House Block, a splendid assortment of fancy work, candies, cakes

and other desirable articles, beginning Tuesday morning at 10 o'clock. Potted plants and cut flowers will also be on sale at very low rates. Lunch will be served each day. Everybody invited.

PERSONALS.

Dr. J. T. Strode, of Maysville, spent several hours in the city Monday, on his way to Lexington, on business.

Mr. and Mrs. Gus Brooks spent Sunday in Maysville.

Mr. Garner Smith spent Saturday and Sunday with his parents, Mr. and Mrs. Hood Smith. He left Monday morning for Louisville.

Mr. James W. Fox, of New York, is the guest this week of Mr. and Mrs. Newton Powell.

Mrs. R. E. Punch and child, of Mt. Sterling, are the guests of Miss Margaret Burke.

Miss Allan Crutcher has returned home, after a delightful visit with Miss Sara Peak, of Louisville.

Mr. W. G. Shropshire left his Monday morning for Louisville, where he will be the guest of Messrs. Powhattan Woolridge and Richard Schultze.

Mrs. J. B. Hampton, of Owingsville, has returned home, after a visit with Mrs. J. Ed Gaitskill and family.

Mr. Joe Rogers, of Nashville, Tenn., was the guest of friends here, Saturday.

Mr. John Bean went to Louisville, Saturday.

Miss Ella Stewart returned home Saturday, after a delightful visit with Mrs. Roger Barnes, of Mt. Sterling.

Miss Laura Granducci spent Sunday in Versailles, with her mother.

Miss Liston spent Sunday in Lexington.

Mr. W. A. Price, of Covington, who has been with his mother, Mrs. M. E. Price, left Sunday for Harrodsburg.

Mrs. J. W. Ishmael and Miss Katherine Rash left Monday for Lebanon to attend the McChord-Hurt wedding. Miss Rash is to be one of the bridesmaids.

Miss Lulu Burgin spent from Saturday until Monday with Miss Mary Wood, of Mt. Sterling.

Miss Warfield Cresshaw, of Richmond, Va., is the attractive guest

of Miss Sara Goodloe Benton.

Mr. C. W. Burt, of Lexington, was in town, Saturday.

Mrs. Lyon was called to Huntington, W. Va., Sunday by the illness of her mother.

Mr. and Mrs. John Bonde returned Sunday to Georgetown.

Mr. Matt Bean was in Richmond Monday, on business.

MAILING LETTERS.

One Trick That Doesn't Go With the Postal Officials.

There are times when, for one reason or another, you may wish to post a letter to some one, indicating in the postmark on the envelope that it came from some other than your own home town. But accordingly, as you value the scheme which you are trying to work, don't make the mistake of trying to work the postmaster of that particular town into this particular scheme of posting the letter for you. In anything, from a harmless practical joke up to a penitentiary offense which you may be planning, the postal service will recognize in you only a scoundrelly intent to deceive and defraud, and it has schooled every postmaster in the country into that fixed belief upon which he must act.

For example, you have written your letter, which you desire to appear as having been mailed at a particular postoffice somewhere in the United States. You seal it, stamp the envelope and address it to the person. This letter you inclose in a larger envelope to the postmaster of that particular town with the written request, "Please post the inclosed letter at your office."

The postmaster will do this. Oh, yes.

The postmaster, taking up the directed, stamped and sealed envelope, writes across the corner of the envelope a full explanation of the matter reciting that it was received from Mr. So-and-so at a certain place, asking that the postmaster drop it into the mail as originating at that particular jurisdiction.

Nice little situation, isn't it?—Chicago Tribune.

WRITES TO INQUIRE ABOUT WINCHESTER

As a nevidence of Winchester's fast growing reputation as a town where things are being done and where things can be found to do, a real estate firm in the city is in receipt of a letter this morning from a large railroad contractor in Nashville, Tenn., asking them to find a home here for him. He says that there is nothing doing in Nashville for him and he wants to live in a live, up-to-date town. The firm is now trying to get a place for him and as soon as this is done he will in all probability move at once.

Going where? To the court house, Tuesday, April 6th, at 8 o'clock to hear the lecture by Prof. H. K. Taylor, Prof. Dalgaty and the K. W. C. quartette. Under management of the Home Missionary Society of the Methodist church. Admission, 25 cents; children, 15 cents. Tickets on sale at Phillips' News stand. 4-5-2t.

WINCHESTER ROLLER MILLS.

The oldest and best institution in the county is the Winchester Roller Mills. Why not use home flour—the best made. Kerr perfection and White Pearl flour has no equal.

SURE CATARRH CURE

Brings the Forests of Pine and Eucalyptus to Your Home.

Germs cannot live when Hyomei (pronounced High-o-mei) is used. You just breathe in this soothing yet most powerful antiseptic air and relief is immediate. It is exactly the same air as you would breathe in the forests of pine and eucalyptus of Australia where catarrh or consumption was never known to exist.

If you have catarrh and are constantly embarrassed because you must hawk, spit and snuffle, surely you will give Hyomei the attention it deserves, when Phillips Drug Company will guarantee this pleasant remedy to cure all this distress and humiliation, or will give you your money back.

Hyomei kills catarrh germs, it relieves the soreness and distress in five minutes. It stops hawking and snuffing and makes you feel like a new man in a week. It is the surest and most satisfactory catarrh treatment known and gives comfort and relief to consumptives.

A complete outfit, including inhaler, costs but \$1.00 and extra bottles, if afterward needed, cost but 50 cents. A few minutes' time each day is all you need to quickly cure the most chronic case. Hyomei is sold by leading druggists.

LAMPTON WRITES OF "TWO FRIENDS"

Says That You Should, If You Think Kindly Things, Express Them.

Brother Beatty:

Your editorial, "Two Friends," in The News of March 13th, in which you mention two friends who have stopped long enough to say a kind word seems to me to be worth a little comment, even though it be given during business hours. Haven't you often observed how few of them you get? And don't they feel good when you do get them? They don't cost anything either. Maybe that is why people who have them to give away don't think they are of any value. Why, do you imagine, do they think that way? Then why don't they want to pass them along? What good is it to think the kindest thought that ever warmed a beating heart if it is left to die unexpressed? Why isn't this mode of expression taught to the children? Why don't the preachers proclaim it from their pulpits. Why should the world be miserly of that which increases by taking from it? Kind words are their own fertilizers and none ever fails on barren soil.

Your editorial does not present this subject to me for the first time. I have thought of it many times. So many, indeed, that I have written a little poem about it. Not much probably as poetry, but worth something if everyone who reads it made it his guide and followed it in his daily contact with his fellow beings. It has been published many times, but possibly another time would not do harm. Here it is:

SPEAK THE GOOD WORD.

It isn't the thinking how grateful we are
For the kindness of friends come to bless
Our sorrow or loss.
'Neath the weight of the cross—
It is telling our gratefulness.

It isn't the love that they have in their hearts,
And neglect or forget to reveal,
That brightens the lives
Of husbands and wives—
It is telling the love that they feel.

It isn't the thinking of good to mankind
That comes as a cooling drink
To the famishing ones
Of earth's daughters and sons—
It is telling the good that we think.

It isn't the music asleep in the strings
Of the lute that entrances the ear,
And brings to the breast
The spirit of rest—
It is only the music we hear.

It isn't the lilies we hide from the world,
Nor the roses we keep as our own,
That are strewn at our feet
By the angels we meet
On our way to the great White Throne.

It isn't the silence of hope unexpressed
That heartens and strengthens the weak
To triumph through strife
For the great things of life—
It's the words of good cheer that we speak.

—WILLIAM J. LAMPTON.
Post it in a conspicuous place so
that those who run may read.
Yours,
LAMPION.
New York, March 17th.

OPERA HOUSE

"A Trip to India."

Mirth, music and song will reign supreme next Wednesday night at the opera house when the noted Broadway fun-makers the Herald Square (comic) Opera Company, will present for the entertainment of Winchester folks, the merry musical frolic, "A Trip to India."

This play compares favorably with the best amusement vehicle ever sent out of New York City and will be acted by a company of players that can elicit the proud distinction of not having closed for one single night during their successful tour of the country for the past year.

The principals are all performers of wide reputation who include Miss Juanita Bush, an accomplished young prima donna; Charles Piquet, a lyric tenor of note; Jack Leslie and Ed. Gilmore, well known light opera favorites; Signor Martine Pache, an eminent baritone, formerly of the Emma Abbott Opera Company, and Miss Louise Montague, a center of prominence.

SUBSCRIBE FOR THE NEWS.

WARM WEATHER AIDS FARMERS

Have Busy Week Turning Soil For Early Planting—Need More Rain.

The warm, bright weather of last week had a great effect on the growing crops and the orchards and grain have responded quickly to the touch of spring. The orchard trees are budding and soon will be in full bloom. The wheat fields are green and the grain is growing rapidly. Only a short time yet and the farmers will take the sheep from the fields to prevent their nibbling the grain too closely. The ground for the sowing of hemp and oats is in condition and during the next few days much of the spring sowing will have been done. The clover seed sown more than a month ago has come up and from the present prospects next year there will be an abundant harvest of hay. If the weather at that time is good there will be a good crop of seed and the trials of the farmers trying to grow enough seed to supply the home market will be over.

Wool of High Quality.

Wool is of a better quality this year than commonly and the warm, sunny weather is good for it, as it will be much heavier and more greasy than if cold, rainy weather prevailed. Tobacco plans have appeared and a good stand is reported. There is a probability of more plants in the beds than will be needed to supply the acreage prepared for planting.

Gardens have been planted and the hot beds for raising sweet potato and cabbage plants have been prepared. It will be but a short time until the market wagons will be seen on the streets selling the home grown produce. Lettuce is growing rapidly and already some of the home-grown article has been put on the market. The strawberry crop will be a failure and the foreign berry will take the place of the local on the market this year. Onions, peas and potatoes have been planted in the gardens.

Work Horses Plentiful.

Work horses are said to be plentiful at fair prices and the farmers will have no trouble this year in the way of being able to get horses and mules to do their spring and summer work.

The work of the farmer is farther advanced probably than it has ever been before this stage of the spring. As usual in the springtime, there is a rush of work and time and again the farmers have had to put in less crops than intended because no workmen could be had.

WARM RAIN NEEDED IN MONTGOMERY CO.

MT. STERLING, Ky., April 5.—Farmers have been unusually busy, considerable plowing having been done. Much stock ground has been broken and the soil is in good shape. The weather has been fairly good on growing grain and grass in pastures is looking well. Tobacco plants are coming good and strong, hundreds of beds having plants up. The cold mornings and freezes have done no damage and unless something unforeseen develops a major portion of the plants will be put out early, providing hands are easy to secure. Indications point to labor being high and in great demand. Work on many new barns has begun.

Hemp land is being prepared. Some farmers have sown oats and much more will be put out this week. The ground is beginning to need rain. A good warm shower at this time will put things in first-class order and benefit the tobacco plants and wheat, rye and grass. Warm sunny days are also needed.

Gardens have been planted early and if weather remains favorable early vegetables will be on the market.

Stock of all kinds is in good shape, lambs thriving and selling high, and wool bringing good prices, 20 and 25 cents per pound. The winter having been mild, fat cattle are looking well. Hogs are high and in strong demand, selling retail at 6 to 6½ cents for fat ones with small shoats bringing 5 to 5½ cents.

The Society of Equity Board of Control has shipped out every hog-head of Montgomery tobacco in the pool and all have been accepted. The warehouse has been closed and the balance of the money due will be forthcoming in a few days where a final distribution and settlement will be made.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will not properly, as a serious kidney trouble may develop. Sold by all druggists.

CONCEDE EIGHT COUNTIES

Prohibitionists Say Rest of Indiana Will Be Dry by End of Year. Indianapolis, Ind., April 5.—One of the most hotly contested campaigns thus far in the widely successful effort to drive saloons out of Indiana will come to a close tomorrow, when Cass county will hold its option election. Loganport is the seat of this county. Blackford county will vote on the question the same day. Petitions for option elections are being circulated in 21 other counties. These elections will take place in May or June.

There are 92 counties in Indiana. Forty-two of these have gone dry in option elections and 21 by local re-monstration, a total of 63. The anti-saloon sentiment has spread like wildfire in this state, and the brewery and saloon element has hope of saving very little territory for the exploitations of its business. Those that follow the movement do not expect more than eight counties will have saloons by the end of the summer.

Prominent Kentuckian Dies.

Louisville, Ky., April 5.—Colonel Samuel H. Stone, formerly state auditor of Kentucky, died at his home in this city, aged 59 years. He was one of the most brilliant men in Kentucky, being an authority and special commissioner in the complex Kentucky railroad rate troubles, and a lawyer of note. In 1899 he was defeated for the Republican gubernatorial nomination by W. S. Taylor by a few votes.

VALUABLE POSTAL

INFORMATION.

J. S. McKinley, of Orient, Ohio, president of the Ohio State League of Postmasters, has prepared and issued the following information with regard to the postal service and how the people may help:

When you address your letters or cards with a lead pencil see that the address is plainly written. Most letters lost are improperly addressed; you had better use a pen and ink.

When you address a letter see that you spell the name of the town correctly. Many postoffices have similar names. Don't write Cin. for Cincinnati, or Col. for Columbus.

When you address a letter or card leave room for the stamp and postmark in the upper right hand corner. Postmarks often blur your address.

Do not put writing in newspapers or packages; if you do the matter becomes first-class mail and you must pay letter postage—two cents an ounce, or you are liable to a fine of \$10.

Written or typewritten letters placed in unsealed envelopes are subject to the same rate of postage as when sealed—two cents an ounce.

Post cards in transparent envelopes will go at the rate of one cent if unsealed, provided there is nothing more than the address of the one to receive it and the name of the sender. Stamp must be placed on envelope and not on card when enclosed in transparent envelope.

Post cards containing writing and enclosed in transparent envelope, whether sealed or unsealed, must bear a two-cent stamp and the stamp must be placed on the envelope instead of the card.

Send money by postoffice money order, for if it is sent in this manner, if lost in the mails the Post Office Department will issue you another order.

Send valuable papers or merchandise by first-class registered mail, for the Post Office Department will make good any loss in the mail not exceeding \$25.

Patrons of postoffice can get better service by renting a box. If you have a box the postmaster's work is lightened, and your mail is not handled or looked over like it is in the general delivery. The Post Office Department makes great conveniences for you, so do not hesitate to help in return.

When you mail a letter or package see that it is substantially done up. The rapid handling of the mails sometimes destroys a poor envelope or covering of a package, and your mail is thus lost.

You should put your name and postoffice on the package, and if not delivered it will be returned to you, but you will have to repay the postage (unless it is first-class.)

When you move to another postoffice notify the postmaster from our former postoffice to forward our mail and notify the publishers of your papers that you have changed your postoffice.

Letters from the pension agency can be delivered only to the person to whom addressed or to some member of his or her family especially authorized to receive the mail.

If you have friends visiting you, have their mail sent in your care.

Use an ordinary size envelope and have on it your return card; if it is not delivered it will be returned to you, and not go to the Dead Letter Office, as thousands of letters do.

If you receive a letter by mistake and it is not yours, don't open it, return it promptly; and if you do open write on envelope "opened by mistake," and sign your name.

THE DANDELION.

(From A. S. of E. Tobacco News.)

When the first warm days of spring begin to cast their sunshine over our northern world, a few brave dandelions creep out to enjoy the warmth. Here and there through the meadows their golden disc is seen, as completely at home as if they were native to the soil. This, however, they are not, having come with our forefathers from the old world. Their name shows the Norman influence on our language, for it is an abbreviation of dent-de-lion, the French for lion's tooth. It is thought that the name was given because the medicinal properties of its root were as great as those of the lion's tooth, which in time long past was considered superior to a cure-all patent medicine. Its scientific name is taraxacum and it belongs to the great family of composites, to which family belong the sunflower, chrysanthemums, daisies, asters, and many others ranging in size from forest trees which grow on San Juan Fernandez (Selkirk's island,) to the wee, crimson-tipped daisy, which the poet Burns turned under with his plowshare. The family of compositae is one of the largest if not the largest of plant families, having representatives in every continent. Of these, the dandelion has become the most widely distributed species, being found all over Eurasia, Australia and North America, from the Arctic circle to the torrid zone. As soon as frost leaves the ground, dandelion's roots get busy; first a spray of green and much cut leaves is thrown out; soon after come the flower heads, nestling close to the ground, until warm weather truly comes, whereupon they shoot their hollow stems upward sometimes a foot or more before the bloom has ripened. Gradually the brave little yellow petals fade and fall, making way for the pappus, a fluffy development of the stigma, by which the cute little seed babies will be picked up by the first wind, as if they were endowed with angel's wings, and wafted away to a new land to grow up with the country.

The dandelion offers many pleasures to childhood. The flower after it has grown old and gray headed, is pulled by the children, who break the stem off close to the ground. First they blow the down off to tell what time it is. If blown off with one breath, it is one o'clock; however, it usually takes about four, wherefore it is called "four o'clock." The longest stalks, when blown through, make queer little noises, considered sweet music by childish hearts, to whom all things are good; and the shorter ones make glorious chains, link after link, and other forms of childish jewelry. Finally the stalk when split and placed in water, makes curls, with which dolly's head is proudly adorned. In grown-up affairs the dandelion takes part as a delicious salad and pot herb; and its root has real medical virtue.

In wet weather the stalks of its downy head crowd closely together so as to keep from being blown or knocked off; thus insuring their release only on a dry day when they can fly. Many parts of the plant are covered with thick fur, like animals are, so as to protect it from the cold; and it protects itself from the heat by closing up when the sun becomes oppressive. Thus it is a good barometer showing when the atmosphere is damp, and a thermometer showing how hot it is. In the old country they have a saying that if the down flies off the dandelion when there is no wind it is a sure sign of rain. In spite of its early spring habits, and its gorgeous golden color, it does not find the place in poetry that many less showy flowers do. One verse comes to me which will appeal to everyone who was even a school boy and with it this essay must close: "Dandelion, with globe of down, The school-boy's clock in every town, Which the truant puffs again, To conjure lost hours back again." FLORIAN.

Rainbows.

The rainbow is caused by the rays of sunlight breaking up into their seven colors when they strike the falling raindrops. The observer must be between the sun and the rain to see the rainbow. When there is a double rainbow the inner one is the primary and the outer one, which is the fainter, is the secondary one.

Riches—For a Change.

"I done had so much poverty," said Brother Dickey, "dat I gwine ter pray fer somepin' new in de new year. I gwine ter git down on what's left or my po' ol' knees an' ax de good Lawd ter make me rich! I reckon dat'll be a big surprise ter de angels—ez dey ain't lookin' fer dat fum me—but I gwine ter quality it, ez you may say, by axin' de Lawd ter make me rich an' humble!"—Atlanta Constitution.

Mixed Population.

The most mixed population in the world is probably that of British Guiana. There is admixture of French, Dutch, Spanish, British, coolie and Indian blood.

GIRL BURNS TO DEATH

Flames Destroy Historic Mansion in Virginia Town.

Winchester, Va., April 5.—Miss Virginia Carter, the young daughter of Jesse B. Carter, was burned to death in a fire which destroyed her home, "Yellow House," at Rest, this county, one of the most historic structures in the state. Both Mr. and Mrs. Carter were badly burned in a futile effort to save their daughter. They are expected to recover.

"Yellow House" was more than 200 years old and was the scene of many notable events during revolutionary and civil war times. General George Washington stopped there while on his way to Braddock's relief at Fort Duquesne, and during the conflict between the states it was the home of Miss Rachel Wright, whose information to General Sheridan was of such value to the federal army during his valley campaign that congress voted her a gold medal in appreciation of her services.

Noted German Actor Dies.

Prague, April 5.—Adolf Ritter von Sonnenthal, the noted actor, died here from apoplexy. In 1884, 1889 and 1902 Herr Von Sonnenthal visited the United States, appearing in New York, and subsequently touring the leading cities, including Chicago, Milwaukee and St. Louis. The principal roles were Hamlet, King Lear, Nathan der Weise, Wallenstein, Don Manuel and Mortimer in "Mary Stuart."

VENEZUELA ALIVE WITH SENSATIONS

One Rumor Says Gomez Is to Resign Presidency.

Caracas, April 5.—It is reported that the new president, J. Vicente Gomez, may turn over the presidency temporarily to J. A. Valentin, the second vice president of the republic. It was to Gomez that President Castro handed over the reins of office when he left for Europe on Nov. 23 last. Less than a month later Gomez overthrew the existing government, appointed a new cabinet and himself became president.

It was believed that the deposed president would remain abroad, but now that he is actually on board a steamer bound in the direction of Venezuela, whether or not he will actually come to La Guaira, the greatest speculation prevails as to his real intentions. It is hardly thought that Castro will proceed beyond Port of Spain, Trinidad, because there is a certainty of imprisonment should he disembark here, and probably death. The general opinion is held in Caracas that General Castro will take up his residence in Trinidad and await the most favorable opportunity to start a revolution.

Count Zeppelin Talks.

Friedrichshafen, April 5.—Count Zeppelin was questioned regarding his recent trip from here to Munich and back, in the course of which he was blown far out of his course. He said: "I am entirely satisfied with the performance of my airship. I had been advised from many quarters not to undertake the trip under such unfavorable weather conditions, but the result of this flight has shown me that when a storm springs up and landing becomes perilous the balloon can remain in the air until the danger is passed."

HAD MANY LIVES

Young Mexican Tries Many Methods, but Fails to End Life.

Chicago, April 5.—Indalecio Alarcon, 27, said to be the son of a well-to-do plantation owner near Parral, Mexico, tried to commit suicide by stabbing himself 12 times in his left side, cutting his throat, swallowing a mixture of carbolic acid and port wine and throwing himself out of a third-story window, but he failed. At the hospital he recovered consciousness, but the physicians say he will probably die.

Saloon Keepers Deposit Forfeit.

Cincinnati, O., April 5.—In order to impress upon the voters the dryness of a dry town, the saloonkeepers and liquor dealers of Ashland, Ky., several days ago closed up their saloons and turned the keys over to Mayor Mathewson, who is to keep them until after the local option election which is being held in Boyd county today. In addition to this they also deposited \$200, which is to be forfeited in case any one should be seen entering any saloon or liquor store of Ashland until after the election.

THE MEAT OF IT.

President Taft has leased the Edward Robinson cottage at Manchester, Mass., and will spend his summer vacation at that resort.

Frank Rogers, 19, of Gloucester, O., was instantly killed by being hit by a Hocking Valley passenger train.

Elijah Calvin, 67, civil war veteran in Zanesville (O.) jail on charge of attempting to kill his wife, hanged himself from his cell door.

Ethan Allen Hitchcock, former secretary of the Interior, is critically ill in Washington.

Archbishop Ireland has returned to America from a five months' stay in France and Italy.

MOONSHINERS BUSY

Revenue Officials Blame Temperance Movement For Activity.

Washington, April 5.—Officials of the internal revenue bureau of the treasury department are of the opinion that the temperance movement which has taken such strong hold of certain sections of the country, particularly in the south, has resulted in increasing the number of violations of the internal revenue laws in the distilling of illicit whisky.

During the year 1908 there were 1,130 illicit stills destroyed; in 1907 there were 1,139, and in 1906 there were 1,376; but the returns for the nine months of the present fiscal year show a decided increase in the number destroyed, the number so far reached this year being 1,017, with the probability that by July 1 that number will have been increased to approximately 1,300.

To Relieve Congestion.

Columbus, O., April 5.—Governor Harmon has taken official notice of the overcrowded condition at the Girls' Industrial school at Delaware. At his suggestion the trustees have served temporary notice upon the judges of juvenile courts that commitments must stop. No more girl delinquents will be received until the congestion can be overcome. The governor also may appeal to the state emergency board to provide funds for needed cottages. The legislature made appropriations for two new cottages, but this will not be enough properly to house the girls, who are being made to sleep often three in a bed.

Haste Causes Death.

Steubenville, O., April 5.—Running all the way to school to prevent being tardy produced a rupture of the heart of Jeanette, 10-year-old daughter of Attorney E. E. Erskine, and caused her death.

CHARGED WITH FRAUD

Scion of Prominent Kentucky Family In Trouble In West.

Washington, April 5.—Charged with obtaining \$69,000 under false pretenses while engaged in business at Boise, Idaho, Roy M. Wright, 36, a railway postal clerk, said to be a member of a prominent Kentucky family, was arrested in this city at the request of the Boise authorities.

Wright, who claims to be a first cousin to Representative Langley of Kentucky, says the amount involved is only \$600. He has not learned the exact nature of the charges, but he claims that it was brought about by a man from whom he obtained goods valued at \$600, to be shipped to another party, and for which he refused to pay, because the parties to whom he shipped the goods would not give him the money.

Names Four Trustees.

Columbus, O., April 5.—Governor Harmon announced four appointments for membership upon boards of trustees of state institutions. They were as follows: Randolph Warner, Republican, Columbus, to succeed himself at the Boys' Industrial school, Lancaster; H. C. Matlack, Cincinnati, Democrat, on the board of state dental examiners, to succeed H. G. Brown, Columbus, Democrat; Edward T. Sprague, Cincinnati, to succeed himself at Longview hospital, Cincinnati; Harry Ferneding, Dayton, Democrat, as his own successor at the Mansfield reformatory.

Valuable Horses Burn.

Pittsburg, April 5.—An Arabian stallion valued at \$2,500, Fred Atherton, a race horse, and other stock perished in a fire which destroyed the stables at the country home of R. C. Hall, president of the Pittsburg chamber of commerce. The fire is believed to have been started by friends of persons who had been prosecuted on a charge of stealing chickens from the farm.

BURGLARS ESCAPE

Two Noted Crooks Break From South Carolina Jail.

Greenville, S. C., April 5.—Garber Moore, alias "Tennessee Dutch," and George Barton, alias "Chicago Army," two of the most noted professional safeblowers in the country, made a sensational escape from the Greenville county jail, where they were awaiting trial in the United States court here on a charge of postoffice robbery.

The men escaped by dynamiting the floor of the cell. They drilled holes in the rock floor of the jail with a drill made of an umbrella handle. It is believed they had outside help.

To Found Old Men's Home.

Albany, N. Y., April 5.—Governor Hughes signed a bill designed to permit a request made by William Marsh Rice of Texas, for whose murder Albert T. Patrick is serving a life sentence in Sing Sing prison, to be used for founding an old men's home at Baldwinsville, Onondaga county. Rice's request for the purpose was \$100,000, but when the estate was settled it was found that only \$30,000 was available.

Baron Dead at 99.

London, April 5.—The death is announced of Peter Robert Burrell, fourth Baron Gwydyr. He was born in 1810 and was the oldest member of the peerage. His faculties were unimpaired up to the time of his death. He attributed his longevity to moderation in eating and drinking and abstinence from tobacco. He witnessed in his life the coronation of four English sovereigns.

ADULTERATED SEED.

(From A. S. of E. Tobacco News.)

The National Department of Agriculture, in the prosecution of its campaign against the sale of misbranded and adulterated grass seeds, found dealers in eleven States last year selling adulterated or misbranded Kentucky bluegrass.

Of this number, taken from 357 samples secured from dealers, twenty-five were found to contain Canada bluegrass as an adulterant, twelve were practically all Canada bluegrass, containing only a trace of Kentucky bluegrass seed, and two were meadow fescue, misbranded Kentucky bluegrass and as such offered for sale.

The Bureau of Plant Industry, which has charge of the work of putting out of business dealers who sell adulterated seeds, publishes the names and the addresses of the dealers who impose upon farmers in such manner, and Dr. Calloway, the head of the bureau, says that since this campaign was undertaken, the practice of selling adulterated seeds has greatly fallen off. The importation of yellow trefoil seed and its use as an adulterant, shows a decrease, only 10,000 pounds having been imported for this purpose last year, as against

214,000 pounds in 1905-6-7.

The bureau will gladly examine and report promptly to such farmers as will send them samples of seed suspected of being adulterated or misbranded.

Feasted Two Days and Nights.
Commander Peary and his party, returning famished from their futile dash for the pole in 1906, slaughtered a herd of seven musk oxen on Hazen island, off the extreme north of Greenland. For two days and nights thereafter they crouched inside their snow huts, eating continuously, and when they had finished, the pile of bones outside was "as high as a tall man's chin."

The Law of Speculation.
Big men are given to taking profits, while smaller men are laying a basis for profits that may or may not be shown. The law of the fishes in the sea applies in speculation. The big and the little fish have their respective missions, and the small ones are safe when the large ones are not hungry.

The Lever That Moves It.
Behind every big accomplishment there is always one big man.—Hubbard.

Special to The News.

PENSACOLA, Fla., April 5.—Dave Alexander, negro, was lynched here for the murder of policeman Carter, whom the negro stabbed to death while resisting arrest.

COL. SAMUEL H. STONE DIES IN LOUISVILLE

Noted Kentuckian Dies After Several Months' Illness in Louisville.

LOUISVILLE, Ky., April 5.—Col. Samuel H. Stone, a man high in business, social and Masonic circles, died at 5:30 o'clock Saturday afternoon, after an illness of several months.

The body will be taken to Richmond, Ky., his former home, at 8:30 o'clock Tuesday morning and the burial will take place Tuesday afternoon in the Richmond cemetery.

He was State Auditor under Gov. William O. Bradley and was later the unsuccessful candidate for the Republican nomination for Governor.

Col. Samuel H. Stone was born in Richmond, Madison county, December 4, 1849, being fifty-nine years of age. He was the son of Gen. J. C. Stone, a large land owner of Madison county, and one of the most influential men of that section of the State. In 1868, at the age of seventeen years, he matriculated at the University of Heidelberg, Germany. He studied there two years and completed his education at the University of Leipzig.

Col. Stone was well known in Clark county. His mother was a native of this county, being a Hanson of the famous family of that name. Col. Stone's wife who survives is a daughter of the late John D. Harris, of Madison county.

OLD SOLDIERS ARE KILLED BY FAST TRAIN.

Special to The News.

GOSHEN, Ind., April 5.—Thomas Hite and Samuel Wertzbaugh, of Goshen, both old soldiers, were struck and killed by a fast Lake-shore train this morning.

GETTING BALL PARK READY

Carpenters at Work on Grand Stand—Players to Be Here April Twelfth.

Owing to the inclemency of the weather little has been done on the ball park, but this week if the weather is good everything will be put in readiness for the players. Carpenters were put to work repairing the grand stand and bleachers Monday morning and a number of college boys are scraping off the diamond.

The privilege of selling pop and soft drinks on the grounds has been sold to Ratliff and Wyatt and the popcorn and cracker-jack to S. C. Wilson. Tony Wyatt has been appointed ground keeper.

The team will begin practice Monday morning, April 12th, and the first exhibition game will be played with K. W. C. Friday, April 16th.

The management is negotiating with three pitchers to take the place of Harward who was taken ill and went to Colorado for his health. All three have a high rating and either of them they think will be satisfactory.

Arrangements have been made with Mrs. T. M. Morrow and Mrs. W. W. Milam to keep the players while they are at home.

MEMORIAL PICTURE HAS JUST ARRIVED

"Baptism of Jesus" Gift to First Christian Church, Now in City.

The memorial picture the "Baptism of Jesus," which is to hang in the Baptistery in the First Christian church arrived Monday morning. It is a gift to the church from Messrs. E. S. and Beverly Jouett in memory of their father, Mr. E. S. Jouett, Sr., The Favorite Store and Range Company through Mr. T. S. Bush have presented a kitchen range for the use of the ladies of the church. Baldwin Bros. have presented the large clock for the Main Auditorium.

Prof. Taylor and Others to Entertain Under Auspices of Methodist Church Ladies.

An entertainment will be given at the court house Tuesday evening, April 6th at 8 o'clock for the benefit of the Home Mission Society of the Methodist church. Prof. H. K. Taylor and Prof. Dalgely will lecture. The K. W. C. quartette will render a number of selections.

DECIDES IN FAVOR OF THE RAILROADS

Supreme Court of the United States Enjoins State Railroad Commission.

WASHINGTON, April 5.—The Supreme Court of the United States, decided in favor of the railroads, in the injunction suit of the railroads asking that Kentucky Railroad Commission be restrained from carrying into effect the order of the commission fixing rates on interstate business in Kentucky.

Buttons in Contribution Box. Plates are to be substituted for collection bags at St. Mary's church, Dover, mainly on the express ground that so many buttons have been found in the latter.—Pall Mall Gazette.

COMMENTS EDITORIAL IN WINCHESTER NEWS

Mr. W. M. Beckner Calls Attention to Experiments in Dust Laying in Massachusetts.

To the Editor of The News.

You are certainly right in your editorial reference to the dust nuisance in your issue of Saturday. It is the burning question of the hour to the eyes of all who walk the streets. I have been reading about some experiments with reference to dust laying in Massachusetts. In Newtown, Chelsea, Winchester, Lexington, Quincy, Dedham, Malden and other cities in that State the authorities have used oil, calcium chloride, tarvia, oil and tar, and various combinations of these articles and all are preferred to water. The Park Commission of Boston have found pine tar and asphaltic oils, the best suppressors of dust they have tried on macadam roads. We certainly need something to hold the dust down in our streets, and if it is to be done, it were well that it be done quickly.

W. M. BECKNER.

WORK IS BEGUN ON 30 TOBACCO BARN.

50 Carloads of Lumber to Be Used in Structures at Elmendorf.

LEXINGTON, Ky., April 5.—The construction of thirty tobacco barns at Mr. J. B. Haggins' Elmendorf farm was begun last week by the Hendrick, Moore, Young Company. Fifty men are employed in the work. They are living on the premises in temporary houses. About fifty carloads of lumber will be used in the construction of these barns. Six carloads were unloaded yesterday. The work is being done under the supervision of John Hendricks, who says the barns will be completed within forty days. Mr. Haggins will put in three hundred acres of tobacco and each barn is intended to hold the product from ten acres.

Rev. Julian Rankins, of Hamlet, Ind., and Chas. Rankin and wife, of Roundtree, are visiting Mr. and Mrs. Gordon Ramsey on Buckner street.

Easter Opening.

COL. SAMUEL H. STONE DIES IN LOUISVILLE

Noted Kentuckian Dies After Several Months' Illness in Louisville.

LOUISVILLE, Ky., April 5.—Col. Samuel H. Stone, a man high in business, social and Masonic circles, died at 5:30 o'clock Saturday afternoon, after an illness of several months.

The body will be taken to Richmond, Ky., his former home, at 8:30 o'clock Tuesday morning and the burial will take place Tuesday afternoon in the Richmond cemetery.

He was State Auditor under Gov. William O. Bradley and was later the unsuccessful candidate for the Republican nomination for Governor.

Col. Samuel H. Stone was born in Richmond, Madison county, December 4, 1849, being fifty-nine years of age. He was the son of Gen. J. C. Stone, a large land owner of Madison county, and one of the most influential men of that section of the State. In 1866, at the age of seventeen years, he matriculated at the University of Heidelberg, Germany. He studied there two years and completed his education at the University of Leipzig.

Well Known Here.

Col. Stone was well known in Clark county. His mother was a native of this county, being a Hanson of the famous family of that name. Col. Stone's wife who survives is a daughter of the late John D. Harris, of Madison county.

OLD SOLDIERS ARE KILLED BY FAST TRAIN.

Special to The News.

GOSHEN, Ind., April 5.—Thomas Hite and Samuel Wertzbaugh, of Ligonier, both old soldiers, were struck and killed by a fast Lake-shore train this morning.

GETTING BALL PARK READY

Carpenters at Work on Grand Stand—Players to Be Here April Twelfth.

Owing to the inclemency of the weather little has been done on the ball park, but this week if the weather is good everything will be put in readiness for the players. Carpenters were put to work repairing the grand stand and bleachers Monday morning and a number of college boys are scraping off the diamond.

The privilege of selling pop and soft drinks on the grounds has been sold to Ratliff and Wyatt and the popcorn and cracker-jack to S. C. Wilson. Tony Wyatt has been appointed ground keeper.

The team will begin practice Monday morning, April 12th, and the first exhibition game will be played with K. W. C. Friday, April 16th.

The management is negotiating with three pitchers to take the place of Harward who was taken ill and went to Colorado for his health. All three have a high rating and either of them they think will be satisfactory.

Arrangements have been made with Mrs. T. M. Morrow and Mrs. W. W. Milam to keep the players while they are at home.

MEMORIAL PICTURE HAS JUST ARRIVED

"Baptism of Jesus" Gift to First Christian Church, Now in City.

The memorial picture the "Baptism of Jesus," which is to hang in the Baptistery in the First Christian church arrived Monday morning. It is a gift to the church from Messrs. E. S. and Beverly Joutet in memory of their father, Mr. E. S. Joutet, Sr., of The Favorite Stove and Range Company through Mr. T. S. Bush have presented a kitchen range for the use of the ladies of the church. Baldwin Bros. have presented the large clock for the Main Auditorium.

During these hours light refreshments will be served.

A Special Stock Display Worth Seeing.

A trip through a large store like this is interesting, especially so when the whole store is on dress parade, and you are urged to look to your heart's content, without in any manner feeling that you are taking up any one's time, or expected to make a purchase. Such a trip is educational too, in that you see a multitude of various designs and all that is latest in house furnishings.

COMMENDS EDITORIAL IN WINCHESTER NEWS

Mr. W. M. Beckner Calls Attention to Experiments in Dust Laying in Massachusetts.

To the Editor of The News.

You are certainly right in your editorial reference to the dust nuisance in your issue of Saturday. It is the burning question of the hour—to the eyes of all who walk the streets. I have been reading about some experiments with reference to dust laying in Massachusetts. In Newtown, Chelsea, Winchester, Lexington, Quincy, Dedham, Malden and other cities in that State the authorities have used oil, calcium chloride, tarvin, oil and tar, and various combinations of these articles and all are preferred to water. The Park Commission of Boston have found pine tar and asphaltic oils, the best suppressors of dust they have tried on macadam roads. We certainly need something to hold the dust down in our streets, and if it is to be done, it were well that it be done quickly.

W. M. BECKNER.

WORK IS BEGUN ON 30 TOBACCO BARN.

50 Carloads of Lumber to Be Used in Structures at Elmendorf.

LEXINGTON, Ky., April 5.—The construction of thirty tobacco barns at Mr. J. B. Haggins' Elmendorf farm was begun last week by the Hendrick, Moore, Young Company. Fifty men are employed in the work. They are living on the premises in temporary houses. About fifty carloads of lumber will be used in the construction of these barns. Six carloads were unloaded yesterday. The work is being done under the supervision of John Hendricks, who says the barns will be completed within forty days. Mr. Haggins will put in three hundred acres of tobacco and each barn is intended to hold the product from ten acres.

Rev. Julian Rankins, of Hamlet, Ind., and Chas. Rankin and wife, of Roundtree, are visiting Mr. and Mrs. Gordon Ramsey on Buckner street.

Foley's Kidney Remedy
